SKILLS

OOP & Programming: C,C++ (Strong OOP), Python, Java.

Embedded & IoT: ESP32, Sensor.

Concepts: OOP Principles, Data Structures, Algorithms.

Tools: GitHub, VS Code.

PROJECTS

Project 1: Home Automation System

Tech Used: Arduino, ESP8266 Wi-Fi Module, C/Embedded C, Blynk IoT App.

Developed a home automation system using ESP8266 and Arduino IDE to wirelessly control appliances. Integrated Blynk IoT app for Bluetooth/Wi-Fi control and implemented efficient switching logic for smooth ON/OFF operation, improving convenience and energy efficiency.

Project 2: Bank Management System

Tech Used: C++, Object-Oriented Programming (OOP), File Handling

Built a C++ console-based Bank Management System using OOP concepts and file handling to securely store customer details, manage account balances, and perform core banking operations like deposit, withdrawal, and account viewing.

ACHIEVEMENTS :

- Solved 200+ problems on **LeetCode**, 130+ on **GeeksforGeeks**.
- 100 day coding streak on **Leetcode**.

EDUCATION

Bachelor of Engineering (B.E.) – Electronics and Communication Engineering

Prince Shri Venkateshwara Padmavathi Engineering College, Chennai

2023 – Present (Pre-Final Year) | CGPA: 8.2/10

Higher Secondary Education (Class XII)

Government Model Higher Secondary School, Salem

2023 | Percentage: 78.5%

CERTIFICATES

Courses

- Programming in modern C++ - NPTEL
- Problem solving through Programming in C - NPTEL
- Introduction to C++ - SoloLearn
- Presentation Skill - TCS iON

Participations

- HackerRank Codify Contest (19 April 2026)
- GeeksforGeeks CodeKshetra Contest (18 April 2026)
- Java Quest (GLA University) (10 April 2026)
- Code Universe Coding Competition (29 March 2026)

EXPERIENCE

Software Development Intern - Cognifyz Technologies | Dec 2025 – Jan 2026

Contributed to software development tasks during the internship period, applied problem-solving skills to complete assigned technical work, demonstrated strong learning ability and adaptability to new challenges, and collaborated effectively while maintaining high attention to detail.

LANGUAGES Tamil, English.

HOBBIES

- Improving typing speed and accuracy
- Solving coding problems on online Platform.
